

2024-2025 High School Competitive Events Guide Summary of Changes

PROCEDURE

SAMPLE: PRE-CONFERENCE

- A. Participants review the TSA Honor Statement for Competitive Events found in the General Rules and listed in the individual competitive event rules.

TSA HONOR STATEMENT

All work must be created and completed by individual competitors or teams. Plagiarism, the use of Generative Artificial Intelligence (GenAI) software, copyright violation, cheating, and falsification of information are prohibited. Participants may NOT use any generative artificial intelligence (GenAI) tools (e.g. ChatGPT, Google Gemini, GitHub Copilot, etc.). Any attempt to gain an unfair advantage will not be tolerated. Competitors at any level of TSA competition understand and agree to abide by the TSA Honor Statement.

If it is determined that a student violated the TSA Honor Statement, a rules violation of twenty percent (20%) will be incurred.

Work Log

- No longer has the title "Plan of Work Log"
- Advisor signature is not required
- All Work Logs are pages as needed

Time Limits

- Events with a presentation/interview will specify the amount of time for the presentation and the amount of time for the interview

Computer-Aided Drafting (CAD), Architecture and Engineering

Photographic Technology

Promotional Design

- Verbiage to allow a temporary hotspot provided by the member to enter software authentication for downloaded software

Animatronics

- Preliminary and semifinal round
- Heats in preliminary round
- 12 teams in semifinal round

Audio Podcasting

- First names may be used in the audio podcast
- The semifinal round on-site will require the release of a semifinal challenge and an upload of an audio piece(s) instead of an interview

Computer-Aided Drafting (CAD), Architecture

- Time limit reduced to three (3) hours
- Interview is limited to two (2) minutes

Computer-Aided Drafting (CAD), Engineering

- Time limit reduced to three (3) hours
- Interview is limited to two (2) minutes

Chapter Team

- Removed officer specific parliamentary actions – event remains at five parliamentary actions for
- the team to demonstrate in the business meeting demonstration
- Points awarded for the additional motions will be greater for higher (more challenging) motions

Fashion Design and Technology

- All preliminary round items must be in a plastic container
- No extra components

2024-2025 High School Competitive Events Guide Summary of Changes

(continued)

Future Technology and Engineering Teacher

- Preliminary Round – preconference submission includes research, as essay, and a lesson plan
- Semifinal Round – activity presentation

Manufacturing Prototype

- Preliminary Round - Tier scoring has been added; first tier is component analysis, and the second tier is the documentation portfolio

Music Production

- An annual theme will be provided

Photographic Technology

- Written statements can precede or be after the photo
- The photos must still be on a page without a written statement
- Details about the size and orientation of the photos

Prepared Presentation

- Annual theme will be provided on the TSA website – it will not be the national conference theme

Promotional Design

- A section on the rubric has been added specifically for the documentation portfolio

Software Development

- Teams will upload their solution's code preconference so that it will be available to the judges during presentations

Virtual Reality Simulation (VR)

- Name change for 2025-26

Video Game Design

- The team will also upload a URL to a video game demonstration video

NEW EVENTS FOR 2025-2026

Robotics

- The format and a yearly challenge similar to the Drone Challenge (UAV) event

STEM Mass Media

- Preliminary Round – preconference submission of a Video News Story and documentation portfolio of a given yearly theme from the TSA website
- Semifinal Round – 12 semifinalist teams will assemble onsite, be given 10-minutes to read a written brief on a topic, participate in a press conference, and then within 24-hours submit a URL to a digital news story on the topic
